THC-infused Beverages Permit Requirements

Licensed package stores must provide the following:

1. A written request for a permit signed by an owner of the license – email or letter is acceptable.
2. A revised floor plan, showing the THC beverages in a location separate from alcohol and mixers, as required by the new law.
3. An inventory of THC-infused beverages on hand as of October 21, 2026 that you may continue to sell per the attached guidance. The inventory list must be signed by the owner attesting the inventory is complete and accurate and include supporting invoices.
4. 3-5 photos of the THC-infused beverages location showing the inventory is clearly marked, as required by the new law.

Licensed microbreweries that wish to sell THC-infused beverages for off-premises consumption must provide the following:

1. A written request for a permit signed by an owner of the license – email or letter is acceptable.
2. A revised floor plan, showing the designated areas for the THC beverages as required by the new law.
3. Written approval from the landlord, pursuant to the new law.
4. 3-5 photos documenting the location of the THC beverages.

Submit your request for permit and accompanying documents to oabccquestions@delaware.gov.
